### • THE START LINE WILL BE EITHER:

- B. Between a drop mark and the orange or yellow flag on the RC boat.

- The PRO has the ability to move the committee boat to a starting area of their choice based on wind conditions. This will allow the RC to set more favorable courses. If Race committee determines it needs to move the starting line, they will attempt to announce over the radio and hoist a 'Follow Me' flag.
- All yachts after checking-in must keep clear of the starting area and first leg of the course until the preparatory signal for their class or will be subject to disqualification.

## RC ROUNDING COLORS

### • No Color Indication -

This is the default. All marks shall be left to **PORT**.

- GREEN** - If a Green flag or placard is displayed **ALL** turning marks shall be rounded to **STARBOARD**; otherwise a green color or the letter **S** associated with a turning mark letter or number will indicate Starboard rounding for that specific mark.
- RED** - If a **RED** color, or letter **P** will indicate **PORT** rounding. otherwise a red color or the letter **P** associated with a turning mark letter or number will indicate Port rounding for that specific mark.

## DROP MARKS

- RC may add a windward drop mark (inflatable tetrahedron) to the course by prefacing the course number with:

**WP**

Windward mark  
to be left to **PORT**

**WS**

Windward mark to be  
left to **STARBOARD**

- Competitors shall round the drop mark in the specified direction before sailing to the course's first mark.

## TWICE AROUND

- Courses can be made twice around if the committee hoists the "**T**" flag.
- Boats shall **not be required** to pass between the RC boat and the pin to begin the second lap of the course.

## RACE COMMITTEE DUTIES

- Each boat will provide crew members to assist the PRO over the race season.
- While performing RC duties, if your boat races, you keep your race results.
- If you don't race, you will receive an average result of the series.
